DETAILED ACTION

Allowable Subject Matter

Claims 1-16 are allowed in view of the Applicant's arguments (See Applicant's Response, filed 9/16/2005, page 19, lines 14-23, page 15, 1-21) and the cited prior art of record. The independent claims recite detecting data modifications in Management Information Base (MIB) tables by determining whether a most recent modification is more recent than a timestamp that indicates the last time a poll was performed, and when the modification is more recent, retrieving a count of the number of modifications that have been performed on the selected MIB table, and if the count can not be resolved, retrieving at least one modified row for the selected table (Support in Instant Specification: paragraph 3, lines 1-2, paragraph 15-19, paragraph 21, lines 7-23, paragraphs 16-19, paragraph 20, lines 14-18, paragraph 21, lines 5-24), which, in addition to the rest of the claim limitations, are distinguished from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
